

UNT MEDIA Arts CAREER KICKSTARTER

KNOW BEFORE YOU GO

Date: March 21st

Location: UNT UNION 314

Time: 10AM-1PM

Panel: 10AM-11AM

Speed Networking: 11AM-1PM

Industry Panel: The panel is moderated by Keven Jenkins with all panelists answering questions, from Jenkins, about some questions recent college graduates may face.

Speed Networking: After the panel, professionals will be seated at assigned tables and students get the chance to talk to the professionals, as a table, for about 20 minutes before having to switch to another table. Because this portion of the event is 2 hours long with 20 minute increments, students will be able to visit about 6 tables.

Check-In: There is a check-in for the event which requires students to either have their student ID or know their ID number. *Alumni, let the check-in table know you are not a student.*

Resumes: Bringing a resume is not required as professionals are there to help answer questions about their industry and are not there to hire students.

Preparation: Bringing a notepad and prepared questions for the speed networking portion is encouraged as the professionals will give insightful advice. Many of them may be looking for interns.
