

## SPECIAL PROBLEMS APPROVAL FORM

This Form is to be completed by the faculty member signed below, after consultation with the student. Any student registering for MRTS 4900, 4910, 5900, 5910 must first discuss the nature of the proposed special problem with the faculty member with whom he or she will be working. Required approvals must be secured prior to registration for any special problems class.

NOTE: Students will be removed from any class for which they have not met prerequisite or secured required prior approvals. Work will be considered for grade only upon completion of described program.
